

PREMED

Setting The Standard For Pre-Hospital Medical Training

PreMed is bringing excellent under-offered courses to Cleveland Community College. PreMed is excited to offer Tactical Emergency Casualty Care, we are attempting to bring Advanced Stroke Life Support THIS year. We are working on expanding our Instructor pool for these courses, so that we may offer more in the future.

Is your department or agency implementing a new process, protocol or using new piece of equipment? We would love to hear about it. Email us at cheryl@PreMed.biz.

All required and suggested books are hyperlinked to appropriated websites for purchase. Please click on course name to be taken to registration page.

Any questions can be emailed to cheryl@PreMed.biz or glynn@PreMed.biz.

BIG NEWS — New Online Platform

PreMed is working diligently to keep up with the every changing times. We have noticed a serious need in online courses, and we are working to bring them to you!

Along with our in person classes our instructor team is working on building online courses for continuing education credits, a long with a National Registry Prep Course. We not only plan for the online courses to be easily accessible but, we are also making live instructor available to you via video conference while you complete those hours. We can not wait to launch this new platform, check back for more updates!

PreMed Celebrates 25 Years *Of Superior Continuing Education*

June has marked 25 years since the founding of PreMed. We want to take time to thank each and every person that has taken a course or taught with us! THANK YOU! We could not have made it without YOU! If you receive this newsletter there is a good chance that you have taken a PreMed class during those 25 years.

We would like to invite you to comeback between Nov. 2019 and Dec. 2020 to learn something new or renew something you have had a while, and receive a token of our appreciation. Once again THANK YOU! We could not have made it without YOU!

All of us at PreMed hope that everyone is staying safe and taking all precautions necessary to protect themselves, their family and patients. We know that this is a difficult time for everyone, make sure that you are taking care of your overall health and your mental health as well, We cannot wait to see you all in upcoming classes!

—PreMed Team
